Tony.

Good Morning.

With reference to my visit to your company on 22.04.2009, please find enclosed [response from Marshall Aerospace](#), stating that Nu Pro are approved for Dye Pen Testing and any Sub Con activities as required.

I trust this answer's the question as raised.

Best Regards.

Bob.

Hi Nick,

To confirm, Nu-Pro are approved on MA's quality system for all sub con activities within their capabilities (i.e. Flaw detection, Anodise & prime etc)

Please ensure that Nu pro are referenced on any quality documentation accordingly for the activities performed.

Regards,

Andrew Martin MCIPS
