Good morning Martin

With reference to our telephone conversation today the Meggitt Avionics drawing that you have been sent has been supplied to Lipco for quotation purposes by our buyer here.

Meggitt Avionics approve their Suppliers prior to use and on an ongoing basis are managed by our Supplier Quality Engineers. Typically we out source parts such as those that are machined and these will require treatment and possible painting. Meggitt would order the completed part (as per drawing) from the approved Supplier who would then sub-contract any treatment etc. It is therefore our Suppliers responsibility to manage the company that they use for outsource work.

Hope this helps

Regards

Lyn
